Part B. for February 1905

SUBJECT.

Budget Estimates of the municipalities in the Kadur Dt. for the year 1905—05.

14	From the President of Municipalities, Kadur District, No. 670, dated 5th December 1904. Forwards letter No. 61, dated the 2nd December 1904, from the President of the Sringeri Municipality reporting that Rs. 800 were transferred by the Board from "VIII. Public Works (c) drains, repairs and (m) compensation" to "VIII. Public Works (b) road repairs" as the provision under the latter sub-head is insufficient to meet the cost of certain works to be carried out urgently during the current year and stating that provision will be made in the next year's budget for the amount reappropriated.
15	To the President of the Sringeri Municipality, through the Deputy Commissioner, Kadur District, No. 7186-7—L. F. 18-04, dated 17th February 1905. Approves of the President's action in the matter. Endorsement to the Comptroller, No. 7186-7—L. F. 18-04, dated 17th February 1905. Forwards copy of the above.

B. N. V Satavarada Iyengar Esq:
Secretary to Government
of Mysore,
General & Revenue Depts.

Sir,

I have the honour to submit for the information of Government that an estimate of Rs 2150 for metalling the main streets of this Town was sanctioned in Government Proceedings No 15682-84 / L.F 26-4 dated 22nd May 1901 and a lump sum of Rs 300 was provided for "raising two roads" to be executed by the Municipal Agency. Which amount was included

in the estimate for drainage works for Rs 9784 Sanctioned in Government Proceedings No 2907—10 / L.F. 32—99 dated 16th August 1901, so that the total estimate of works to be executed by the Municipal agency amounts to Rs 2450 Of the former of the two above works Rs 661 work was turned out during 1903—04 and the same amount debited to the accounts of that year. It having been estimated that Rs 1000 would be spent on the metalling work during 1903—04, Rs 1150, the balance out of the estimate, was provided in the current year's budget and Sanctioned by Government. (Vide G.P. No 1062—73 / L.F 18—04 dated 6th August 1904) Post on examination of the works, it is disclosed that the "raising of roads" referred to above and the metalling of eight out of ten furlongs have been completed and gravel and metal (and even more) sufficient for the remaining two furlongs

2150
661
1489

are collected and this stock, works only the Consolidation work for the same remaining unexecuted By the end of October last Rs 974 have been spent on the metalling and road-re works and Rs 815 work remains to be executed and the same amount paid to Contractors Thus Rs 639 will be found to be wanting even though the full amount of Rs 1150 provided under "Roads, original — (a) Metalling work" are debited, and it is not possible to detain payment of any portion of the aforesaid amount of Rs 815 till after the close of the current year.

Further, considering the inconvenience that is being caused during the heavy rains by the deposit of soft earth on the road, due to the slipping of that part of the Mallikarjuna

hill towards the Harihareswar street and the circumstance that if the slips were caused to continue falling upon the road that is newly metalled, the latter would be greatly damaged, and to avert the same, a rough stone revetment across the slipping portion, of 150 feet long, 5 feet high and 3 feet thick on the average, the estimate of which comes to Rs 475 is very necessary to be constructed by the end of the current official year, that is before the commencement of the ensuing rainy season. Moreover the fifth furlong of the Main street and two furlongs on the Here Bunder road both of which are within the limits of the Municipality are to be metalled, upon which some quantity of metal and gravel that may remain after the metalling work of the two remaining

remaining furlongs is completed may be utilised - On the above considerations the Board in their meeting convened on 25th November 1904 resolved that it is but to undertake the execution by close of the current year of the works shown hereunder at the costs as specified against each: -

		Rs
(1) Balance of work in Metalling of roads including raising of roads	}	815
(2) Revetment work	———	475
(3) Metalling 1 furlong in the main Street (5" 7m long)		185
(4) — do — 2 furlongs on Kere Bunde road	}	120
	Total	1595

and that the above charges be met from the following sub heads in VIII - "Public - Works" : —

Amount in balance in (C) (1) Metalling the main roads	176-0-0
Amount transferred to (c) Roads, repairs by G.P. No 3927-8 / L.F. 18-04 dated 14th Nov. 1904, being balance of loan of Rs 10,000 sanctd by Govt for Sanitary improvements	473-0-0
(C) (2) Annual repairs of roads	150-0-0
(e) drains repairs	50-0-0
(m) Compensation	750-0-0
	Rs 1599-0-0

By utilising the above sums for the purposes set forth in the manner aforesaid it transpires that the works on account of which compensation was sanctioned, can not be undertaken during the current year It is, however resolved by the Board on 25th November 1904 that provision will be made for the same in the ensuing year's budget.

The above

above arrangement has been made in accordance with ¶ 8 of Government Proceedings No. 5123-4 / 2633 dated 21st June 1892, under which the President is competent to sanction transfer of provisions under minor items falling under the same major head.

I have the honour to be,
